Summary: Aspiring Java Full Stack Developer

Anirudh Yadav is an aspiring Java Full Stack Developer passionate about building end-to-end web applications. He focuses on writing clean, efficient, and maintainable code across both frontend and backend technologies.

With a B.Tech background and 8 months of practical training, Anirudh has mastered building scalable applications using modern tools and frameworks. He is committed to continuous learning and eager to contribute to real-world development teams.

Core Technical Skills

Java & Spring Boot

Backend development and REST APIs.

React.js, HTML, CSS, JS

Frontend development expertise.

MySQL

Relational database management.

Git & GitHub

Version control and collaboration.

Development Tools & Environments

API Testing & Documentation

- Postman
- Swagger UI

Primary IDEs

- VS Code
- Eclipse
- STS

These tools ensure efficient development, testing, and deployment of web applications.

Key Capabilities

Full Stack Web Development

Proficient in developing comprehensive web solutions.

REST API Design & Integration

Skilled in creating and integrating robust APIs.

Frontend-Backend Connectivity

Seamless integration between user interface and server-side logic.

Database Operations

Expertise in managing and optimizing database interactions.

Code Testing & Debugging

Ensuring high-quality, bug-free code through rigorous testing.

Experience: JSpiders Training

Anirudh completed 10 months of Java Full Stack Development Training at JSpiders from November 2024 to present.

During this intensive program, he mastered end-to-end development, including core Java, Spring Boot, Hibernate, HTML, CSS, JavaScript, ReactJS, and SQL. This practical training provided a strong foundation in building modern web applications.

Education

**Dr. A.P.J. Abdul Kalam Technical University
(AKTU), Lucknow**

Bachelor of Technology - BTech, Computer Science and
Engineering

(August 2020 - July 2024)

ITM

Bachelor's Degree

(2020 - 2024)

Anirudh's academic background in Computer Science and Engineering provides a strong theoretical foundation for his practical development skills.

Top Skills

Spring Framework

Proficient in building robust enterprise applications.

Cascading Style Sheets (CSS)

Skilled in creating visually appealing web designs.

Object-Oriented Programming (OOP)

Strong understanding of fundamental programming principles.

Certifications

✔ Certified Ethical Hacker (CEH) Quiz Certification

This certification demonstrates Anirudh's commitment to understanding cybersecurity principles, which is valuable in developing secure web applications.

Let's Connect!

Anirudh is actively seeking Java Full Stack Developer roles or internships to apply his skills, grow professionally, and contribute to impactful projects.
